PROGRAM NOTES

I composed my *Variations and Fugue on a Christmas Carol* to celebrate the artistry of my friend David Higgs. This score is based on the old British carol *I Saw Three Ships*. There are seven variations preceding a closing fugue. After the theme is stated, the first two variations extend it; the third variation introduces the pedal. The next three variations are in the style of Baroque genres; the fourth variation is a “noël” written as an homage to Daquin; the fifth variation is a figured chorale in which the chorale *Vom Himmel hoch, da komm ich her* makes its first appearance; and the sixth is a Handelian rigaudon. The seventh variation is a “carillon” in which *Vom Himmel hoch, da komm ich her* reappears. After a dramatic, dissonant chord, the score concludes with a chorale fugue in which *Vom Himmel hoch, da komm ich her* appears in the pedal.

PERFORMANCE NOTES

The closing fugue may be played separately from the variations, but the variations may not be played separately from the fugue. The variations should be performed continuously without a pause. Suggestions appear for registrations that the organist should follow whenever possible. All ornaments should be played before the beat. Finally, the organist may add a Zimbelstern at measure 221 of the fugue.
